Polling Districts and Polling Places Review

Background

Within each local authority area, legislation requires councils to carry out reviews of the Polling Districts and Polling Places in that area.

The North Yorkshire Council area is divided into polling districts, with one or more polling districts making up a division, and with a polling place being an area or building within a polling district in which a polling station is situated.

The last full statutory review was held in 2018 with a separate review being carried out by each of the seven former District and Borough councils within what is now the North Yorkshire Council area. The Electoral Registration & Administration Act 2013 governs the timings of compulsory reviews. The next compulsory review is due to commence in the 16 month period beginning on 1 October 2023. A council can conduct a review at any time, but it will still have to conduct a full review during the compulsory timeframe.

The council conducted a full polling district and polling place review during October and November 2023. Consultation on these initial proposals closed on Monday 13 November 2023.

The initial proposals were distributed to local community groups, action groups, disability groups, charities, political parties, Ward Councillors, Parish Councils and County Councillors. **Representations were received and considered, and the final recommendations are presented within this document.**

Any changes to polling districts that are approved will be included in the revised electoral register which will be published on 1 February 2024.

Summary of Representations and FINAL Recommendations

All representations received based on the initial proposals can be seen in the following table for ease of reference. Where multiple responses were received about the same polling district, these have been condensed and the uncondensed list is also being published as a separate document. Any changes to the initial proposals are highlighted in the table below and have also been updated within the relevant Ward tables and maps throughout the document.

Consultation Responses & Representations Received to Initial Proposals

No	Division	Polling Districts affected	Commentator	Summary of comment(s)	Assessment of comments	(Acting) Returning Officer's final recommendation
1	Danby & Mulgrave	SCDISW/ SCDJSW	Lythe Parish Council	There are no proposed changes to the Lythe Parish area, thus no comments from Lythe Parish Council.	Thank you	No change
2	Esk Valley & Coast	SCGFSW	Member of public	Sneaton village hall is a good polling station for the community of the parish	Thank you	No change
3	Whitby Streonshalh	SCFASW	Member of public	The current polling station (Whitby Missions and Seafarers' centre) is not even within the polling district and requires a trek down into town and back up again. A better solution would be to use St Hilda's business centre on The Ropery YO22 4ET. Or further up the hill the Green Lane centre YO22 4EH.	Electoral Services have enquired in the past about using a space at St Hilda's Business Centre, but no suitable space is available. The community centre on Green Lane has been used as a polling station previously, but complaints were received from voters about its location at the top of a steep hill, and for that reason the location ceased to be used as a polling station.	No change
4	Whitby Streonshalh	SCRASW	Cllr Neil Swannick, Whitby Streonshalh Division	Church House and United Reformed Church are the same building as far as I know, so no problem there as long as the new polling station is accessible.	They are separate building, but next door to each other. New station is accessible.	No change

5	Whitby Streonshalh	SCFCSW	Cllr Neil Swannick, Whitby Streonshalh Division	The problem with this location is that since the polling station was moved a few years ago, the street lighting has failed and cannot currently be restored by NYC due to the street not being an adopted highway. This would potentially cause problems if there was a winter election as the street is in total darkness at night.	The premises at the former St Hilda's Primary School are much more convenient for voters than Whitby Library. Before the next scheduled polls, the status of the street lighting will be reassessed and if necessary, temporary measures put in place on polling day to improve the external lighting in the vicinity of the polling station.	No change
6	Various	Various	J.G. Harston, Whitby Town Council	Submission focussed on the naming of polling districts in the Scarborough & Whitby constituency	Suggested name changes have been agreed as per proposal for polling districts that do not form part of warded parishes only. We disagree with the proposal to retain two polling districts in Scalby as the numbers of polling station voters will not exceed Electoral Commission guidance if merged.	No change to polling district boundaries, polling districts to be renamed as per the submission for polling districts not part of warded parishes with the exception of Sleights.
