

## Highways Register (List of Streets)

This document is the County Council's list of **unclassified highways** maintainable at public expense as required under Section 36 Sub Sections (6) and (7) of the Highways Act 1980.

The information is provided in the form of a spreadsheet with columns headed 'Parish', 'Name of Highway' (Street name), 'Ordnance Survey Grid References' for start and finish, 'Length' in kilometres.

The information given in this document is for general assistance only. It is neither a legal nor definitive document and provides nominal details only. No indication of lateral extent of a publicly maintainable highway or its route are given or implied.

Please note the List of Streets records those routes which are highways maintainable at public expense howsoever they have been historically recorded; this does not state or imply inclusion by means of adoption which is only one means for a route to be added to the List of Streets as a publicly maintainable highway.

The highway register is constantly being amended and updated, work is currently being undertaken to provide a similar list of classified roads (A, B and C).

### Unsurfaced Unclassified Roads

Included within the List of Streets are approximately 700 Kilometres of Unsurfaced Unclassified Roads (some of which are locally known as 'Green Lanes', a term which has no legal status), the status of the vast majority has yet to be identified but the County Council acknowledges that at the very least they have footpath rights.

Where there are doubts about the status of any particular street then you should contact the **County Searches Information Team** (Highways and Transportation) in writing for clarification.

There is an administration fee for search related enquiries which is currently under review. Please contact County Searches Information direct before submitting any enquiries. Requests for information can only be researched and responded to on receipt of a complete written enquiry supplying a clear plan showing the location and extent of a property together with any monies due, however, in certain cases no charge will be made.

### IMPORTANT NOTICE

Publicly maintainable highways within Harrogate Borough Urban and Scarborough Borough Urban Areas are now under the direct control of North Yorkshire County Council as Highway Authority. The hard copy of the List of Streets for both areas are now held by County Searches Information (C.S.I.), at County Hall, Northallerton and are freely available to view during office hours. Electronic versions of the List of Streets in respect of Harrogate (including Knaresborough) and Scarborough will be made available during 2011 and located separately within the C.S.I. webpage "6142" of the NYCC website.
