All Mariners are advised that a Maritime Exclusion Zone will be in force during Air Displays which will take place during the Armed Forces Day event on 25th June 2022.

The exclusion zone will be in force to protect vessels and shoreside spectators in the event of an aviation emergency whereby aircraft may need to use the sea to make an emergency landing.

Military Vessels 0000 – 2359 Throughout	500yds radius around all military vessels

Vessels are requested to remain clear of the maritime exclusion zone during the above times to allow unhindered air displays and allow for emergency procedures to be properly managed.

Failure to adhere to the exclusion zones may result in the cancellation or disruption to the air displays for safety reasons and to reduce the risk of disruption, the zone will be actively monitored by emergency response and law enforcement vessels.

Vessels acting in a search and rescue or law enforcement capacity, display coordination vessels, vessels participating in authorised displays, military vessels and any vessel undergoing a genuine maritime emergency are excluded from this notice.

Three temporary display line marker buoys will be deployed in the following positions:

- 1 – 54 16.77N 000 22.7W
- 2 – 54 17.47N 000 22.87W
- 3 – 54 15.91N 000 22.53W

Vessels wishing to enter or leave the harbour may do so throughout the period, with the exception of between 1255 & 1330, by proceeding North from the harbour and remaining within 0.1nm of the East Pier. Once vessels are 0.2nm North of the Castle headland, they may turn East. Between 1255 and 1330 vessels will not be permitted to enter or leave the harbour to allow the Red Arrows to display unhindered.

Whilst military vessels are anchored or transiting the area, all other vessels are requested to maintain a minimum distance of 500yds to ensure safety and security can be maintained.

Owners and operators of drones are advised that a restriction on airspace use will be in force between 0900 and 1800 BST. This Restricted Area (Temporary) will be issued by the CAA and means that drones or other unmanned aerial vehicles may not be flown within 2.5nm of the display area. The area will be actively monitored by both law enforcement and event staff, with the operation of such aircraft being a criminal offence.

Further advice can be obtained from Scarborough Port Control on VHF Channel 12 or Scarborough Harbour Office.
