Note 1

Attendance figures are the attendance of individual members at meetings of the County Council, the Executive and the Committees to which a member has been appointed. It does not cover attendance at the following:-

Meetings of:

Committees to which members have not been appointed Outside bodies to which members have been appointed The Fire Authority
The Police Authority
The National Parks Authorities
Training seminars
Other sub-committes & working groups

The figures do not take account of non attendance due to any unavoidable diary clashes, including with other authorities, sickness or other personal reasons including bereavements or family illness.

Note 2

Whilst four Members of the Authority are appointed formally to the Appeals Committee, it has been agreed that the work of this Committee should involve a number of Members who should develop particular expertise and experience on appeals matters, but that only four Members should sit on the Committee at any one time. The intention is that the Substitution Scheme should be used to vary membership of the Committee in order to ensure that the expertise and experience of all Members of the committee, including all Substitute Members, is developed. For this reason, attendance at the Appeals Committee is recorded separately on the basis of the number of actual attendances at Committee meetings held during the year. The data includes the Committee acting in relation to Employment Appeals.

Note 3

The 2009/10 rate for Basic Allowances was set at £8994 per annum.

Councillor Dadd elected to be remunerated in accordance with the scheme of allowances applicable at the beginning of each Council term. He has, therefore, foregone any increase in allowances awarded between 2005 and 2009. This impacted on the rates of Basic Allowance and Special Responsibility Allowance paid from 1st April 2009 to 8th June 2009 when the old Council term ended.
