An application has been made to North Yorkshire County Council by The Richmond Burgage Pastures Committee under Schedule 2(6) of the Commons Act 2006. The application sought to remove buildings and a small amount of land being curtilage of the buildings from the register for common land unit CL 131, known as High and Low Moor.

The Registration Authority is satisfied that the application complies with the requirements of Schedule 2(6) of the Commons Act 2006 and Schedule 4 Paragraph 14 of the Commons Registration (England) Regulations 2014 with regard to the removal of buildings and land from the commons register unit CL131. In consequence, the Commons Registration Authority has determined that the application be granted.

The Registration Authority has therefore amended the Land Section and register map for the Common Land Register unit number CL 131, in accordance with the Commons Registration (England) Regulations 2014 to reflect the removal of the application land from this register unit.
