Polling Districts and Polling Places Review

Background

Within each local authority area, legislation requires councils to carry out reviews of the Polling Districts and Polling Places in that area.

The North Yorkshire Council area is divided into polling districts, with one or more polling districts making up a division, and with a polling place being an area or building within a polling district in which a polling station is situated.

The last full statutory review was held in 2018 with a separate review being carried out by each of the seven former District and Borough councils within what is now the North Yorkshire Council area. The Electoral Registration & Administration Act 2013 governs the timings of compulsory reviews. The next compulsory review is due to commence in the 16 month period beginning on 1 October 2023. A council can conduct a review at any time, but it will still have to conduct a full review during the compulsory timeframe.

The council conducted a full polling district and polling place review during October and November 2023. Consultation on these initial proposals closed on Monday 13 November 2023.

The initial proposals were distributed to local community groups, action groups, disability groups, charities, political parties, Ward Councillors, Parish Councils and County Councillors. **Representations were received and considered, and the final recommendations are presented within this document.**

Any changes to polling districts that are approved will be included in the revised electoral register which will be published on 1 February 2024.

Summary of Representations and FINAL Recommendations

All representations received based on the initial proposals can be seen in the following table for ease of reference. Where multiple responses were received about the same polling district, these have been condensed and the uncondensed list is also being published as a separate document. Any changes to the initial proposals are highlighted in the table below and have also been updated within the relevant Ward tables and maps throughout the document.

Consultation Responses & Representations Received to Initial Proposals

No	Division	Polling Districts affected	Commentator	Summary of comment(s)	Assessment of comments	(Acting) Returning Officer's final recommendation
1	Camblesforth & Carleton	SECDXSA/ SECLDSA/ SECNLSA	Dave Perry, Drax, Long Drax and Newland Parish Council	I agree that no changes are necessary	Thank you	No change
2	Cliffe & North Duffield	SEDHESA	Member of public	The Polling Station for Hemingbrough near Selby takes place in the village institute however this institute is used 5 days a week as a Preschool for children between the ages of 2-4 years and must close on election days. Can alternative venue be used?	This is a well-known community building and remains suitable for use as a polling station.	No change
3	Monk Fryston & South Milford	All	Member of public	Relieved to see no change proposed. Agree that no change is necessary.	Thank you	No change
4	Osgoldcross	SEWLSSA	Gillian Ivey, Little Smeaton Parish Council	Yes, the allocated venue for polling station for both Smeaton Villages is acceptable.	Thank you	No change
5	Selby West	SESLSSA	Member of public	The former district council offices are perfect for voting. There's parking and a bus service into the hospital grounds	Thank you	No change
6	Spofforth with Lower Wharfedale and Tockwith	HRYMA2SA	Member of public	Voting for local councillor wasn't possible at Kirkby Overblow, had to drive 15mins to Sicklinghall. Village has a high proportion of elderly residents and this was difficult for some.	No suitable alternative is available in the polling district	No change

7	Thorpe Willoughby & Hambleton	SEHAGSA	Member of public	There is no public transport to Hambleton from Gateforth	The current location is a private residence and does not meet accessibility requirements. No suitable alternative exists within the polling district.	No change
