Polling Districts and Polling Places Review

Background

Within each local authority area, legislation requires councils to carry out reviews of the Polling Districts and Polling Places in that area.

The North Yorkshire Council area is divided into polling districts, with one or more polling districts making up a division, and with a polling place being an area or building within a polling district in which a polling station is situated.

The last full statutory review was held in 2018 with a separate review being carried out by each of the seven former District and Borough councils within what is now the North Yorkshire Council area. The Electoral Registration & Administration Act 2013 governs the timings of compulsory reviews. The next compulsory review is due to commence in the 16 month period beginning on 1 October 2023. A council can conduct a review at any time, but it will still have to conduct a full review during the compulsory timeframe.

The council conducted a full polling district and polling place review during October and November 2023. Consultation on these initial proposals closed on Monday 13 November 2023.

The initial proposals were distributed to local community groups, action groups, disability groups, charities, political parties, Ward Councillors, Parish Councils and County Councillors. **Representations were received and considered, and the final recommendations are presented within this document.**

Any changes to polling districts that are approved will be included in the revised electoral register which will be published on 1 February 2024.

Summary of Representations and FINAL Recommendations

All representations received based on the initial proposals can be seen in the following table for ease of reference. Where multiple responses were received about the same polling district, these have been condensed and the uncondensed list is also being published as a separate document. Any changes to the initial proposals are highlighted in the table below and have also been updated within the relevant Ward tables and maps throughout the document.

Consultation Responses & Representations Received to Initial Proposals

No	Division	Polling Districts affected	Commentator	Summary of comment(s)	Assessment of comments	(Acting) Returning Officer's final recommendation
1	Bentham & Ingleton	CRIAC5SR	John Metcalfe, Ingleton Parish Council	There are a number of premises within the Parish of Thornton in Lonsdale which would be suitable for use as a polling station without asking the residents to travel further to vote	No suitable alternative has been identified during the consultation period.	Change polling station to Ingleborough Community Centre
2	Gargrave & Malhamdale	CRGAM2SR	Catherine Downs, Bank Newton Parish Meeting	Residents in Bank Newton Parish find it easy to go to Gargrave Village Hall to vote in elections.	Thank you	No change
3	Gargrave & Malhamdale	CRGAM1SR	Member of public	I am very pleased to see there is no proposal to change the voting location in the Airton/Scosthrop area. This area has a high percentage of elderly and physically less-able voters, many of whom still like to go to the polling station to physically place their vote.	Thank you	No change
4	Gargrave & Malhamdale	CRHLP1SR	Member of public	A central location seems to be accessible to most people.	Thank you	No change

5	Masham & Fountains	HRXMSSR	20 respondents against initial proposal including Cllr Felicity Cunliffe-Lister, Masham & Fountains division and the Parish Council. 1 response in favour of initial proposal.	<p>The Parish Council and Dallowgill residents feel very strongly that a polling station should remain in the school room at the Methodist Chapel in Dallowgill.</p> <p>There is adequate disabled access through the side entrance and adequate, albeit basic, toilet facilities.</p>	<p>A member of the Electoral Services Team visited the premises on 9th November to make an assessment and concluded the building is not suitable for continued use as a polling station. It is accessed by a narrow and uneven dirt and gravel track. The area outside the polling station is rough and pitted, and there is no level access to the main hall, making it unsuitable for disabled voters. There is level access via a door to the side through the kitchen, but the door is narrow, there is a lip to cross the threshold and there are obstacles preventing easy wheelchair access into the polling station. There are very few residential properties visible from this location and the vast majority of voters would need to drive to this location. There is no street lighting and external lighting at the school room is not the best. Accessing this location in poor weather conditions would be treacherous. For polling staff who would be required to work there for 16 hours on</p>	Move polling station to Kirkby Malzeard Mechanics Institute, no change to initial proposals
---	--------------------	---------	--	--	--	---

					polling day, there is no drinking water and the toilets are in a poor state.	
--	--	--	--	--	--	--

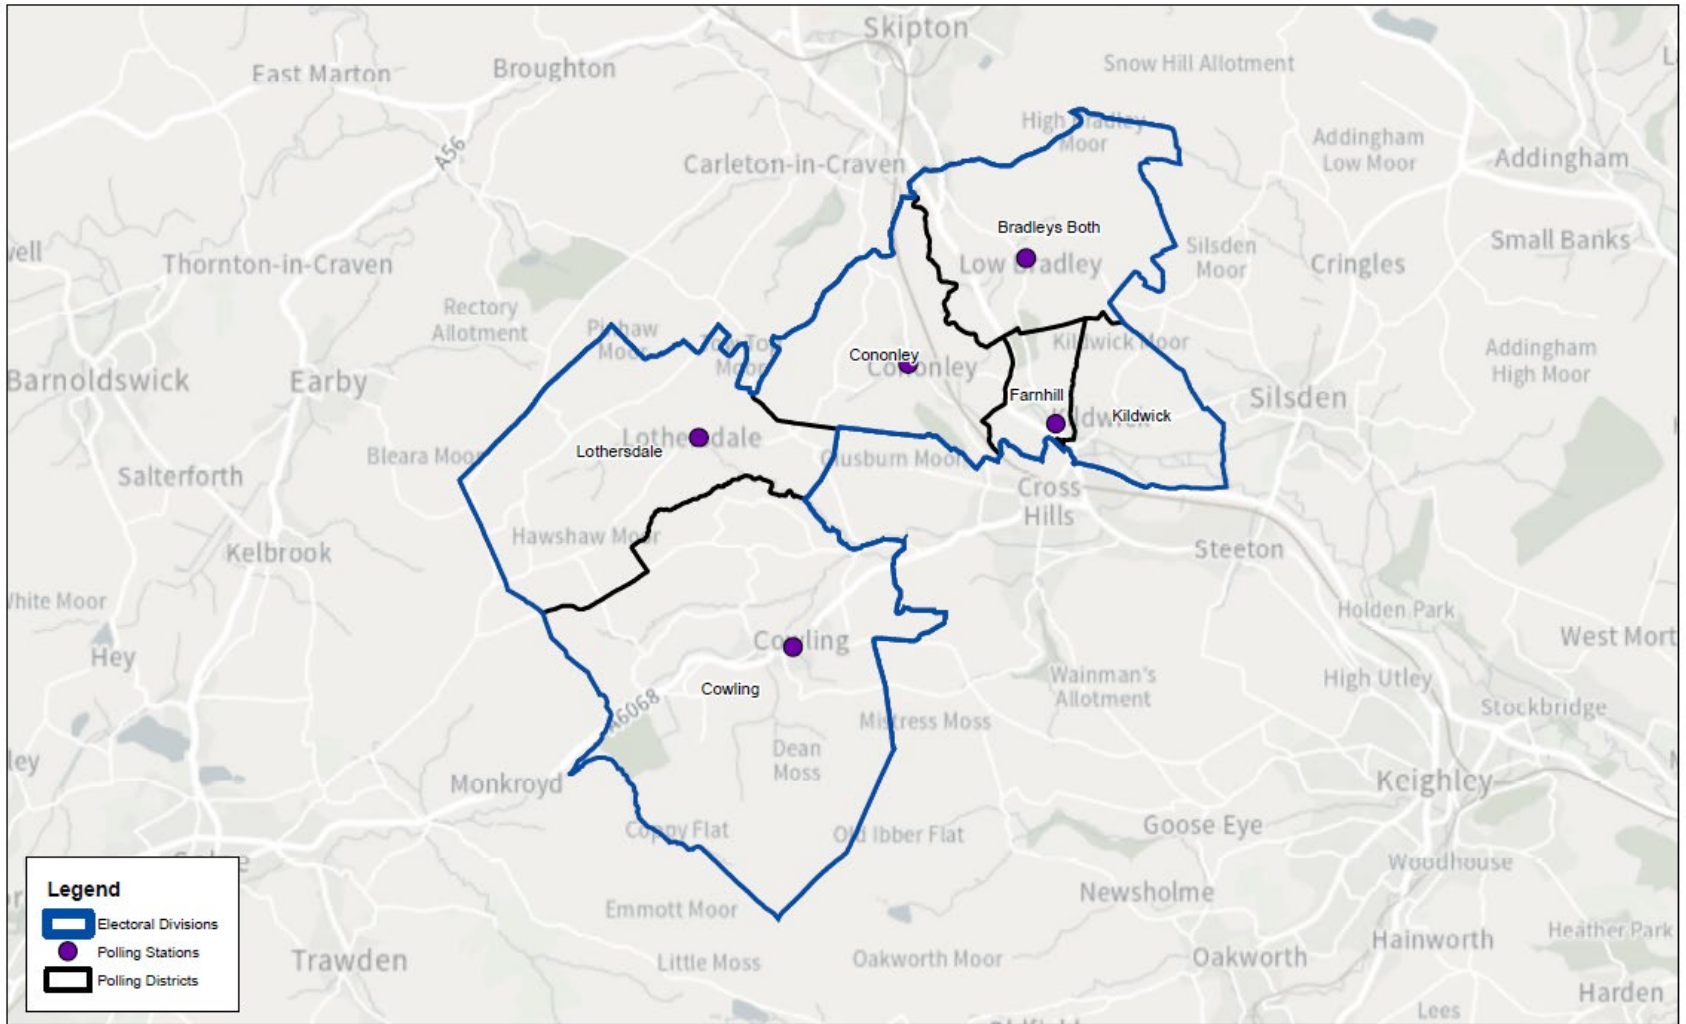

6	Pateley Bridge & Nidderdale	HRYESSR	Member of public	Suitability is fine but there are access issues at Pateley Memorial Hall. Although disabled parking and a low-threshold doorway are signposted, the passageway from that doorway to the polling booths has been obstructed by stacks of chairs on my last two visits making it unusable. I've needed to be helped through the 'able-bodied' entrance (up steps) in order to vote.	We will ensure any obstructions are removed to ensure polling booths are accessible to all	No change
7	Skipton West & West Craven	CRSKW2SR	Member of public	For those with mobility issues parking is limited at the church but generally the venue is good	There is a dedicated disabled parking space at the church	No change
8	Wathvale & Bishop Monkton	HRZASSR	Member of public	There is no polling station in Asenby. Voters have to travel to next village Rainton. Those who do not drive cannot get there.	No suitable alternative has been identified during the consultation period.	No change
9	Wathvale & Bishop Monkton	HRWES1SR	2 responses from Cllr Nick Brown, Wathvale & Bishop Monkton Division and a member of the public	Change of Polling Station from Crown Inn, Roecliffe to the Methodist Chapel, Boroughbridge will require car transport as bus service is minimal and not at a convenient time for elderly/infirm Roecliffe residents. A more convenient Polling Station site would be St Mary's Church, Roecliffe.	The church is not suitable having no disabled access or parking and a long gravelled drive	No change

10	Wathvale & Bishop Monkton	HRWDS1SR/ HRWDS2SR/ HRWDS3SR	Cllr Nick Brown, Wathvale & Bishop Monkton Division	I feel that because these new suggested polling stations are over a mile away from these villages your proposals are undemocratic.	In Norton-le-Clay/Cundall the proposal is to move the polling station from Dishforth to Marton-le-Moor which is slightly closer for most voters in those polling districts	No change
11	Wharfedale	CRBAF11SR	Debbie Burton, Rylstone Parish Meeting & 3 members of the public	Cracoe Village Hall is a good venue for Rylstone residents. It is accessible for all, with good car parking, and facilities.	Thank you	No change
12	Wharfedale	CRBAF6SR	Member of public	No change for us, so no issues.	Thank you	No change

Norton-Le-Clay and Cundall with Leckby are to be moved to the new Parliamentary constituency of Wetherby and Easingwold and so will no longer be in the same constituency as Dishforth. For this reason, it is proposed that the polling place for the polling districts HRWDS1SR, HRWDS2SR and HRWDS3SR is moved to the Meeting Room, Marton-le-Moor. The polling districts HRWDS2SR and HRWDS3SR are in the same parish and use the same polling station, so it is proposed that these polling districts are merged.

The Crown Inn at Roecliffe has recently closed and for this reason, it is proposed that the polling place for Roecliffe and Westwick parishes is moved to Boroughbridge Methodist Church which will be in the same Parliamentary constituency following the upcoming Parliamentary boundary changes.
