

UK Shared Prosperity Fund
Rural England Prosperity Fund
North Yorkshire
Pre-application Form

Before completing this pre-application form, applicants should read the North Yorkshire UKSPF prospectus and North Yorkshire UKSPF Investment Plan, both of which can be found here:

<https://www.northyorks.gov.uk/uk-shared-prosperity-fund>

The information you supply on this pre-application form should provide accurate details of your organisation and a brief overview of your proposal, including what you aim to achieve, where activities will take place, and the overall costs involved. This will allow us to do an initial eligibility check on your proposal and determine what further engagement with you would be most appropriate. This engagement may include asking you to complete the full application form, discussing your proposal with you further, arranging support, or directing you to more appropriate schemes and sources of funding.

No decision regarding allocation of funding will be made on the basis of this form. Where required, you will be directed to complete a full application form providing further details of your project and plans for delivery.

Where applicants are not applying for grant funding, but are interested in applying for an audit, requesting support, or working with officers to develop a ‘plan’, the pre-application form will be used to register your interest.

Notes for completion

If you are unsure of the project constituency area, you can use the postcode to look it up on: <https://members.parliament.uk/constituencies>. You may put ‘North Yorkshire’ if your project will be delivered county-wide, rather than at a specific site or in a dedicated area.

Data Protection

Please note that by submitting this Pre-Application form, you are consenting to any Personal Data collected being processed by North Yorkshire Council and shared with partners involved in the delivery of UKSPF. This includes the Department of Levelling Up, Housing and Communities and its contractors. The Personal Data will be held for the purposes of contacting applicants and assessing forthcoming applications.

UK Subsidy Control Regulation

Please note that as a Public Authority, North Yorkshire Council must comply with the new UK Subsidy Control regime. By proceeding, you are agreeing to provide the necessary details of your project to enable the Council to meet the transparency obligations that apply to public authorities awarding subsidies.

Please also note that according to Minimal Financial Assistance regulation, standalone subsidies up to the value of £315,000 are exempt from having to meet the subsidy control requirements. However, if an individual organisation's total subsidy receipts exceed £315,000 over a period of three financial years, the exemption no longer applies, and the relevant subsidies must be assessed against the subsidy control principles. Recipient organisations must inform the Council if this £315,000 threshold is due to be exceeded. Further information is available here, [via the Government website](#).
