Hearing Programme

Published v1

Introduction

This document sets out the programme of hearing sessions as part of the examination of the New Settlement (Malkiln) Development Plan Document (DPD).

Further information about the examination, hearings and format of written statements is provided in the accompanying Examination Guidance Note, which should be read alongside the programme.

As set out in the examination Guidance Note, only those people seeking to change the Plan, and have duly made representations, have a right to participate in the hearing sessions.

The programme sets out which topics will be discussed on each day. If you wish to be heard at the hearings, you must confirm this in writing with the Programme Officer no later than **Friday 23 August 2024**, even if you indicated in your original Regulation 19 representation that you wished to participate.

If the Programme Officer does not receive written confirmation, it will be assumed that you do not wish to participate and that you will be relying on written submissions. You should only request to attend a session if you have made a representation seeking a change to the Plan relating to that topic.

Each session will be arranged by topic, not necessarily by policy number. It is therefore important that representors check that they have been allocated to the correct session, contacting the Programme Officer if unsure.
