A Basic Allowance of £17,000 was paid for 2024/25

Where the Basic Allowance paid is not £17,000, this is because:

- 1) a councillor not accepting revised increase in the Basic Allowance
- 2) a councillor only serving part of the year due to a by-election.

This summary relates to payments made during the 2024/25 financial year. It may include claims for mileage and other expenses incurred in 2023/24 but not reimbursed until 2024/25. Conversely, it may exclude claims for 2024/25 that were not paid until 2025/26.

Some Members chose not to claim travel and subsistence expenses. In addition some Members donated part or all of their allowances to charitable organisations.

A full description of the Members' Allowances Scheme can be found in the [North Yorkshire Council Constitution at Part 6](#)

At its meeting on 15 November 2023, North Yorkshire Council considered a report from the Independent Remuneration Panel, which recommended changes to the allowances paid to councillors for the 2024/25 year. You can view the full agenda and meeting details on the [North Yorkshire Council website](#).
