EXPLANATORY NOTE

(This note is not part of the Order)

This Order provides for the establishment, on 1st April 2023, of a single tier of local government in the county of North Yorkshire. North Yorkshire will be administered by a county council, referred to in this Order as "the North Yorkshire Council".

The area of North Yorkshire county remains unchanged. A new district is created, with the same area as the county. The existing local government districts are abolished and the district councils wound up.

There are two transitional periods leading up to 1st April 2023 enabling the existing councils to prepare for the transition to a single tier of local government.

The first transitional period begins when this Order comes into force and ends shortly after the North Yorkshire Council election day in 2022.

During this first transitional period the North Yorkshire Council will discharge the main transitional functions via a committee called "the Implementation Executive". Part 3 of the Order sets out the membership, functions and arrangements relating to the Implementation Executive.

During the second transitional period (from the end of the first transitional period until 1st April 2023) the North Yorkshire Council's executive will be responsible for the main transitional functions.

Part 4 of the Order deals with further transitional duties including duties on the North Yorkshire Council and existing district councils to cooperate with each other.

Article 5 provides that the term of office of all district councillors expires on 1st April 2023.

Article 13 requires the holding of a whole council election to the North Yorkshire Council in 2022, 2027 and every four years thereafter.

Article 14 makes provision in relation to district council by-elections. Article 15 makes provision in relation to parish council elections and Article 16 and Schedule 2 make provision for the appointment of Charter Trustees.

The Schedule sets out the new electoral divisions of the North Yorkshire Council.

A full regulatory impact assessment has not been prepared as this instrument will have no impact on the costs of business and the voluntary sector. The impact of the public sector is a simplification to the system of local government in North Yorkshire.

369. Minutes

Resolved –

That the Minutes of the meeting held on 24 September 2019, having been printed and circulated, be taken as read and confirmed, and signed by the Chairman as a correct record.

370. Declarations of Interest

Councillor Paul Haslam declared a disclosable pecuniary interest in regard to Agenda Item 4 (Minute No. 372 below) on the basis that the proposal for a relief road bypass would potentially impact the land on which he resided, together with other associated land. It was noted that on 3 January 2019 Councillor Haslam had been granted a dispensation by the Standards Committee allowing him to speak on business relating to the Harrogate Congestion Study, until the date of the next County Council elections in 2021.

372. Consideration of the results of the Public Engagement for the Harrogate Congestion Study

Considered –

The report of the Corporate Director - Business and Environmental Services, presenting the results of the Harrogate & Knaresborough congestion study public engagement.

County Councillor Don Mackenzie introduced the report detailing the long running traffic issues facing both towns and gave thanks to those officers involved for their professionalism, understanding and patience during what had been at times a difficult consultation process.

Barrie Mason, Assistant Director for Highways & Transportation provided a detailed overview of:

- the two packages of measures consulted on (one of which included a potential relief road in the Nidd Gorge area);
- the significant public engagement process undertaken including the level of attendance at the exhibitions and overall response rates, and;
- the subsequent analysis of the feedback from residents.

He went on to highlight a variety of external factors that were thought to have heightened interest in the congestion study, and noted there been had been a degree of cynicism around the consultation process from some residents, as a result of the level of road maintenance works being undertaken during the consultation period.

County Councillor Janet Sanderson commented on the successful use of heat maps to show the level of support from different areas within the study area, and sought reassurance that the analysis of the feedback had been based on more than just the response statistics.

Andrew Bainbridge, Transport Planning Leader confirmed that information gathered by NYCC officers and the consultation specialists and the strength of feelings expressed by residents at the various exhibitions etc together with the free text responses received had all helped inform the analysis of the data. He also confirmed that at no point had a commitment been made that the County Council would abide by a majority view arising from the consultation.

Members picked up on a number of examples where the analysis of the responses had highlighted a number of conflicting views e.g. 71% of responders agreed or strongly agreed that park and ride facilities should be introduced, yet 49% of responders said they would rarely or never use those facilities. They also questioned that validity of some of the responses e.g. 75% of responders said they would rarely or never use a relief road between Harrogate & Knaresborough if one were constructed.

Member considered the next steps for consideration, and raised the following issues:

- a significant modal shift would be required to get walking and cycling to be considered the everyday norm for getting to school and work;
- A review only of on street parking by NYCC would not have the desired result – it would require Harrogate Borough Council to review their off street parking charges as well. Any such review would need to include Knaresborough;

- Increasing car parking charges would be a dis-incentive to drive into Harrogate town centre but it would have an adverse effect of businesses;
- The Killinghall bypass was an existing retained route on the map and therefore it needed assessing – Members expressed support for it with no pre-conditions;
- Whilst there was support for not progressing the Harrogate inner relief road it was accepted that future councils may choose to revisit that decision based on the success or otherwise of the measures arising from the congestion study;
- Concern was expressed about the time and financial resources required to assess the feasibility of a package of P & R sites and services;
- P& R was not the panacea of all congestion issues and were not suitable everywhere especially where the congestion was mainly as a result of internal to internal journeys.
- Whilst P & R might be a good commercial option for bus companies the potential cost of providing the sites and infrastructure might prove prohibitive;
- The County Council had a duty not to waste time or money and therefore the work needed progressing quickly;

County Councillor Paul Haslam, as a local Harrogate Councillor, was also given the opportunity to comment on the proposals. He commended officers for their conduct throughout the consultation period and for work on the analysis, and noted:

- Of the 17k students in the Harrogate area, only 3% were cycling to school/college;
- 60% of car journeys were less than 2.8km;
- Behavioural change would take time;
- Not enough information was given on the relief road/highway options to enable residents to comment appropriately – only 3% of the responses were from residents in the Killinghall area;
- There were a lot of commuters living in Leeds and working in Harrogate so perhaps just one P & R site on the outskirts of Harrogate, in the appropriate area, would have the desired effect;
- Timing of traffic lights and junction improvements would assist in combating congestion;
- The progression of the different measures would benefit from having one project manager;

In response to Members comments, officers confirmed:

- Local Cycling & Walking Infrastructure Plans were a relatively new thing and as such there was no evidence yet to show that the introduction of one would result in less traffic on the road.
- There was often opposition from residents to the introduction of improved cycling infrastructure in residential areas.
- New cycling routes would be considered on a scheme by scheme basis and not agreed by default.
- A joint review of all car parking charges with Harrogate Borough Council was required.
- Parking needed to be encouraged in areas where it would minimise congestion.
- Outside of the relief road option, a bypass for Killinghall and a link road between the B6162 Otley Road and A61 Leeds Road still needed to be considered.
- The assessment of a package of P & R sites and services would be a desk top feasibility with the aim of achieving an early definitive answer
- A range of softer measures would be necessary if the required modal shift was to be achieved.
- Bus operators were keen to work together to improve the commercial viability of bus travel.

- Consideration of high cost longer term solutions for key strategic junctions would require identification of external funding and available grants, which was business as usual for the NYCC Transport Planning team.
- An officer group working with area management would look to identify opportunities for quick win pilot measures, for early delivery.

County Councillor Carl Les added his thanks to officers for their work to date and for their handling of the consultation in particular, and it was

Resolved – That:

(i) The results of the Harrogate and Knaresborough Congestion Study engagement and the feedback from the Harrogate and Knaresborough and Skipton and Ripon Area Constituency Committees be noted.
(ii) The recommendations set out in section 8.0 of the report be approved.

373. A59 Kex Gill Diversion Compulsory Purchase Order (CPO) and Side Road Order (SRO) - To confirm that a CPO and SRO can be made for the A59 Kex Gill Diversion Scheme

Considered –

The report of the Corporate Director - Business and Environmental Services seeking approval for the making of a Compulsory Purchase Order and Side Road Orders for the A59 Kex Gill Diversion Scheme.

County Council Don Mackenzie introduced the report and thanked officers and experts for their remarkable survey work of the area.

Barrie Mason, Assistant Director for Highways & Transportation drew Members attention to the three key issues for the Executive's consideration, as listed at paragraph 2.4 (i) – (iii) of the report.

Catriona Gatrell, Head of Legal Services provided an overview of the legal technicalities associated with the recommendations in the report and confirmed that as the special parliamentary procedure was quite cumbersome, NYCC's Consultants had been exploring options to provide new areas of land as common land. She confirmed that the Scheme in this case was unusual because of the designated land that needs to be acquired and that the planning application and funding approval would be running alongside the CPO process.

With those legal technicalities in mind, a number of minor revisions to the recommendations were proposed, and it was

Resolved – That:

(i) The Assistant Chief Executive (Legal and Democratic Services) be authorised to take all necessary steps to make the Compulsory Purchase Order and the Side Roads Order for the A59 Kex Gill Diversion Scheme to include acquiring the title to, or rights over, the land shown on the Plan shown at Appendix A to the report, or any subsequent amendment to that Plan.

(ii) The Corporate Director of Business and Environmental Services in consultation with the Assistant Chief Executive (Legal and Democratic Services) be authorised to make minor modifications to the CPO and SRO and their plans, if required.

(iii) The Assistant Chief Executive (Legal and Democratic Services) in consultation with the Corporate Director of Business and Environmental Services be authorised to seek confirmation of the CPO and SRO, and to take all necessary steps for that purpose including following any Special Parliamentary Procedure required, or securing that appropriate land will be given in exchange for the common land acquired.

(iv) The Assistant Chief Executive (Legal and Democratic Services) be authorised to take all necessary steps in the event of a Public Inquiry

(v) The Assistant Chief Executive (Legal and Democratic Services) be authorised to take all necessary steps to vest the land in the County Council, in the event the CPO and SRO are confirmed with or without modifications

374. Annual Report of the North Yorkshire Pension Board

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services) presenting the Annual Report of the North Yorkshire Pension Board.

County Councillor Gareth Dadd introduced the Annual Report confirming it would be presented for approval at the next meeting of Full Council.

Resolved – That the Annual Report of the Pension Board for 2018/19 be noted.

375. North Yorkshire Pension Board - Amendment to Terms of Reference - Report of the

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services) providing an update on a recent review of the Pension Board's Terms of Reference.

County Councillor Gareth Dadd introduced the report which sought a recommendation from the Executive that the County Council approve an amendment to the Board's remit.

Resolved –

That the change to the Terms of Reference for the Pension Board be noted, and recommended for approval by County Council.

376. Burton Salmon Community Primary School - Lowering the Age Range to 3-11 –

Considered -

Report of the Corporate Director for Children and Young People Service on the outcome of an informal consultation carried out by the Governors of Burton Salmon Community Primary School on a proposal to lower the age range of the school from 4-11 to 3-11, in order to offer nursery education for three year olds.

County Councillor Patrick Mulligan introduced the report highlighting the consultation undertaken, the school's response to the issues raised, and the governing body's acceptance of the proposal.

Resolved – That:

i) The publication of the proposals and statutory notice to lower the age range of Burton Salmon Community Primary School from 1 January 2020 be approved.

ii) A final decision on the proposals be considered by the Executive at its meeting on 17th December 2019.

377. Corporate and Partnerships Overview and Scrutiny Committee response to the Notice of Motion

Considered -

Report of County Councillor Derek Bastiman, Chair of Corporate & Partnerships Overview & Scrutiny Committee detailing the committee's response to the notice of motion referred to it by County Council at its July 2019 meeting.

County Councillor Derek Bastiman introduced the report highlighting that the officer advice provided had weighed heavily on the Committee's considerations i.e. that:

- The company would not have cash available in the medium term to distribute profit for the purpose of social housing
- The purpose of the County Council's commercial agenda was to reduce the impact of austerity through the use of any surplus generated to support frontline services.

He confirmed they were the main reasons why the Committee had decided not to support the motion.

In response County Councillor Bryn Griffiths who originally seconded the Motion, re-affirmed the purpose of the Motion and clarified that neither he nor County Councillor Geoff Webber (proposer of Motion), had expected any dividend to be made by the Company in its initial years.

County Councillor Gareth Dadd questioned whether the Council was at this time in a position to financially support social housing.

Resolved -

That the Corporate and Partnerships Overview and Scrutiny Committee's response to the Notice of Motion be recommended to County Council on 13 November 2019

Dear Sir/Madam

The North Yorkshire County Council (A59 Kex Gill Diversion) Compulsory Purchase Order 2021 - Application for section 19 Certificate under the Acquisition of Land Act 1981

THE SCHEME

1. North Yorkshire County Council (the County Council) has submitted The North Yorkshire County Council (A59 Kex Gill Diversion) Compulsory Purchase Order 2021 (the Order) to the Secretary of State for Transport for confirmation. As the Order includes for the compulsory purchase of Common Land the County Council is submitting an application for a certificate under Section 19(1)(a) of the Acquisition of Land Act 1981. We are not submitting an application under paragraph 6 of Schedule 3 of the Acquisition of Land Act 1981.

2. This letter includes the information required for your determination of the application, as specified by the above Act and accompanying guidance.

3. The scheme is for the construction of approximately 3.94 km length of new highway comprising a realignment of the A59 and consisting of a single carriageway with climbing lanes between the North Moor Road junction and Blubberhouses bridge which crosses the River Washburn. The A59 comprises the main strategic highway link between Harrogate in the east of the County and Skipton in the west. Sections of the existing alignment shall be retained for public and farm access with a further section near North Moor Road being returned to moorland. The scheme will contribute to providing a sustainable strategic east /west connection, improve safety for all road users and accommodate the existing public rights of way network.

4. The section of highway to be realigned has historically been affected by localised landslips. There is a need for this scheme as without it the instability of the land in this area is likely to lead to further

landslips that present a danger to all highway users and result in significant disruption to road users who experience increased journey distances and congestion. In addition dealing with the issues caused by the landslips places a significant burden on the County Council's resources. It is a resilience scheme that will assist in delivering the County Council's adopted and emerging policy objectives.

BLUBBERHOUSES MOOR

5. Part of the land to be acquired pursuant to the Order forms part of Blubberhouses Moor. A substantial area of the moor is Common Land and was registered by West Riding County Council as units CL481 and CL563 (Annex 1). The registration of Common Land in unit CL481 became final on 27 September 1982 and the registration of rights relating to this unit became final on 1 August 1972. In respect of unit CL563 registration of the Common Land became final on the 1 August 1972. North Yorkshire County Council is the successor authority to the West Riding County Council and is the Commons Registration Authority for the area. Plans showing the extent of the registered common land are enclosed at Annex 2 with this letter.

6. The Common Land is intersected by the A59 and lies within the Nidderdale Area of Outstanding Natural Beauty. The Common Land to be acquired runs alongside the new highway alignment.

7. The Common Land units concerned are crossed elsewhere by other highways/public rights of way.

8. 9.73 hectares of the Common at Blubberhouses Moor is required for the scheme and is shown as plots 1,1A,1B,1C,2,2A,3,3A,3B,3C,4,4A,5,5A,5B,5C,5F,5G,5H,5P,5Q,5R,10 on sheet 1 in the attached Order Plan (Annex 3).

RIGHTS EXERCISED OVER THE COMMON LAND

9. There are common rights for the grazing of sheep in relation to unit CL481. These rights are set out in the extract from the Commons Register which is enclosed within this application (Annex 1). The public are freely able to walk across the entirety of the common for exercise and recreation purposes subject to statutory exceptions.

10. The common rights for the grazing of sheep were provisionally registered in June 1968 and being undisputed were the subject of final registration on 1st August 1972.

11. The commoners rights for grazing in relation to the Common Land are still exercised although not all parties entitled to exercise those rights still do so.

REQUIREMENT FOR EXCHANGE LAND

12. Land which is registered Common Land and is to be acquired under a CPO is subject to special parliamentary procedure unless the Secretary of State provides a certificate in accordance with Section 19 of the Acquisition of Land Act 1981. There are three sub-sections in Section 19(1) which set out the grounds on which the Secretary of State may be satisfied that special parliamentary procedure is not applicable.

13. In this case, the relevant sub-section is 19(1)(a), where the Secretary of State is satisfied that:

"there has been or will be given in exchange for such land, other land, not being less in area and being equally advantageous to the persons, if any, entitled to rights of common or other rights, and to the public, and that the land given in exchange has been or will be vested in the persons in whom

the land purchased was vested, and subject to the like rights, trusts and incidents as attach to the land to be purchased".

14. The County Council is therefore applying to the Secretary of State under Section 19(1)(a) of the Acquisition of Land Act 1981 for a certificate confirming that the Order will not be subject to special parliamentary procedure.

CONSULTATION ON PROPOSED EXCHANGE LAND

15. The County Council met with representatives of landowners for Sibelco UK Limited and Yorkshire Water Services Limited on 18 October 2019 to identify options for exchange land.

16. The meeting discussed the potential to acquire their land for the purpose of exchange land for the Blubberhouses Moor Common Land. The area proposed exchange land is situated in the vicinity of the existing Common Land and agreement was reached with the landowners to acquire their land for this purpose.

PROPOSED EXCHANGE LAND FOR BLUBBERHOUSES MOOR COMMON LAND

17. The proposed exchange land, plot 46 in the Order and shown coloured green and edged red on the Order Plan, consists of 9.74 hectares of farmland, heathland and Hall Beck watercourse. The land is similar in nature to the Common Land being acquired is adjacent to existing Common Land.

18. It is considered that the area meets the tests set out in paragraph 15 above, particularly:

    (a) The land is 9.74 hectares and is therefore not less in area than the land to be acquired.

    (b) The exchange land is equally advantageous to those exercising the common rights and to the public. The land is comprised of farmland and heathland and is immediately adjacent to the affected Common Land. The exchange land is a single area of a broadly rectangular shape, making it easily accessible for its use by those exercising common rights and the general public. Although not linked to the existing Common Land it will be accessible from the new underpass and North Moor Road. Being of a similar nature to the affected existing common land, it will therefore be possible to exercise the full extent of rights currently exercisable over the land to be acquired for the scheme.

    (c) As paragraph 19 below confirms, the exchange land will be vested in the persons in whom the land purchased was vested, and subject to the like rights as attached to the land purchased.

RETENTION OF COMMONERS RIGHTS

19. The CPO provides at paragraph 4 for the common rights affected to apply to the exchange land.

SUMMARY

20. We enclose in support of the application:

- **Annex 1**
  Copy Extracts from the Register of Common Land relating to North Yorkshire listing the registered common rights.

21. We understand that the Secretary of State will now consider this application, and that arrangements are likely to be made for the order and exchange land to be inspected. We trust that you will liaise directly with the Department for Transport with regard to timescales, particularly with regard to any timing of any notice of intention to grant certificate. We note that any objections to the grant of a certificate will need to be heard at a CPO inquiry, if necessary.

22. If you require any further information, please do not hesitate to contact Catriona Gatrell at [redacted] Otherwise we look forward to receiving confirmation that this application has been received and accepted as valid.

RIGHTS OF APPEAL

(1) If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development, or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.

Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at www.gov.uk/government/organisations/planning-inspectorate

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

(2) If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for Communities and Local Government, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he/she may serve on the Council of the county district in which the land is situated, a purchase notice requiring that Council to purchase his/her interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
