

STATEMENT OF THE COUNCIL'S REASONS FOR PROPOSING TO MAKE THE ORDER

LEGAL POWERS AND DUTIES

Under Section 1(1) of the Road Traffic Regulation Act 1984 the Council, as traffic authority for North Yorkshire, has powers to make a Traffic Regulation Order (TRO) where it appears expedient to make it on one or more of the following grounds:

- (a) For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising, or
- (b) For preventing damage to the road or to any building on or near the road, or
- (c) For facilitating the passage on the road or any other road of any class of traffic (including pedestrians), or
- (d) For preventing the use of the road by vehicular traffic of a kind which, or its use by vehicular traffic in a manner which, is unsuitable having regard to the existing character of the road or adjoining property, or
- (e) (Without prejudice to the generality of paragraph (d) above) for preserving the character of the road in a case where it is especially suitable for use by persons on horseback or on foot, or
- (f) For preserving or improving the amenities of the area through which the road runs, or
- (g) For any of the purposes specified in paragraphs (a) to (c) of subsection (1) of Section 87 of the Environment Act 1995 (air quality).

Section 122(1) of the Road Traffic Regulation Act 1984 also provides that it shall be the duty of every local authority upon whom functions are conferred by or under the 1984 Act so to exercise those functions as to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway.

REASONS FOR MAKING THE ORDER

The Council considers that it is expedient to make this TRO on the ground (a) (c) and (f) as mentioned above.

Borrage Lane:

The proposed restrictions are intended to prevent inconsiderate parking at the junction of Borrage Lane with Low Skellgate improving road safety and reducing accident potential for all road users.

King Street:

The proposed restrictions are intended to prevent inconsiderate parking on the bridge which is forcing road users onto the opposing side of the road into oncoming traffic on a blind bridge. Implementation of these parking restriction will aid in improving road safety and reducing accident potential.

Location(s) of Proposed Orders

SCHEDULE

WAITING PROHIBITED AT ALL TIMES WITH EXEMPTIONS

<u>Column 1 Item</u>	<u>Column 2 Road</u>	<u>Column 3 Length</u>
1.	Borrage Lane (U3047/2/70)	From where the Northern Kerb Line intersects with Low Skellgate to a point 29m away in a South Westerly Direction, following the Northern kerb Line
2.	Borrage Lane (U3047/2/70)	From where the Southern Kerb Line intersects with Low Skellgate to a point 16m away in a South Westerly Direction, following the Southern kerb Line
3.	King Street (C377/2/20)	From a point 9m North of the Centre Line of Waterside along the Eastern Kerb line of King Street for a distance of 63m in a Northerly Direction
4.	King Street (C377/2/20)	From a point 9m North of the Centre Line of Waterside along the Western Kerb line of King Street for a distance of 59m in a Northerly Direction

CONSIDERATION OF OBJECTIONS

Under the Council's Constitution, the consideration of objections to a proposed TRO is delegated to the Corporate Director – Environment in consultation with the Executive Member for Highways and Transportation. For each TRO where there are objections, it will be necessary to bring a report to the Corporate Director - Environment and the Executive Member for Highways and Transportation seeking a decision on the consideration of the objections.

The report will include the views of the relevant local member who will also be invited to the meeting that considers the report. The Corporate Director - Environment may wish to refer the matter to the Council's Executive for a final decision.

A report to the relevant Area Committee will only be necessary when there are objections to a wide area impact TRO.

A wide area impact TRO is defined as a proposal satisfying all the three criteria set out below:

- The proposal affects more than one street or road and,
- The proposal affects more than one community and,
- The proposal is located within the ward of more than one Councillor.

The report will seek the views of the Area Committee and these views will then be included in a report to the Corporate Director - Environment and the Executive Member for Highways and Transportation seeking a decision on the consideration of the objections. The Corporate Director – Environment may wish to refer the matter to the Executive for a final decision.

The existing arrangements for members of the public wishing to attend or speak at committee meetings will apply and it may be appropriate for the Corporate Director - Environment to have his decision-making meetings open to the public, so that the public and in particular those with objections, have the opportunity to put their views across directly.

N.B. The Corporate Director - Environment has delegated powers to make decisions on TROs where there are no objections.
