Applicants are advised to read 'Part 1 of the Commons Act 2006: Guidance to applicants' and to note:

- **This form provides (in Part A) for the transfer of a registered right of common in gross by way of deed and (in Part B) for the application to register such transfer in the register of common land, under section 12 of the Commons Act 2006.** Although there is no requirement that you use a solicitor or other professional adviser to complete the form, please be aware that the commons registration authority can only assist in completion of the clerical aspects of the form. Persons with legal queries should seek advice from a solicitor or other professional adviser before completing the form.
- The transfer of a registered right of common in gross will usually need to be made by deed in order to be effective in law (see section 52(1) of the Law of Property Act 1925). You may use Part A of this form to effect the transfer, but if you do not, you will instead need to attach to your application your own transfer deed, or if a deed is not required, explain why this is the case. For example, if one of the exceptions in section 52(2) of the Law of Property Act 1925 applies e.g. the transfer is effected in an assent by a personal representative. Where the transfer deed in Part A is not being used, you need complete only Part B of this form. The transfer of a right of common in gross does not operate in law until it has been registered in the register of common land by way of an application made using Part B of this form.
- Only the following persons can apply to register a transfer of a right of common in gross for the purposes of section 12: the registered owner of the right of common (the Transferor) or the person into whose possession that right of common will be transferred (the Transferee). Where the application is made by the Transferee, the Transferor must consent to the application.
- You will be required to pay a fee for your application. Ask the registration authority for details. You would have to pay a separate fee should your application be referred to the Planning Inspectorate.

Full 100 Metre Reference SD 96428

The above Full Reference is unique. For many purposes the first grid letter can be omitted, giving a reference, SD 96428 which refers to intervals of 100 Kilometres. If both grid letters are omitted, the resulting reference 96428 refers to intervals of 100 Kilometres. When the area concerned is sufficiently restricted, as will usually be the case with maps on scales of one inch to the mile and larger, both the grid letters are normally omitted.

At the Eastern edge of this sheet True North is the same as Grid North and at the Western edge 0°04' East of Grid North.

Magnetic North was about 91° West of Grid North in 1956, decreasing by about 1° in 10 years.

Heights are in feet above Mean Sea Level at Newlyn.

1 square inch on this map represents 17.78 acres on the ground.
