

Consultation on changes to the High Needs Budget

5th October 2018 to 11th November 2018

	<p>What is this leaflet about?</p>
	<p>We are asking people to tell us what they think about our ideas.</p> <p>Our ideas are about how we are going to pay for the education of children and young people with SEND and EHCPs</p> <p>SEND means Special Educational Needs and/or Disabilities.</p> <p>EHCP means Education, Health and Care Plans.</p>
	<p>There are more children and young people in North Yorkshire with SEND and EHCPs than there used to be.</p>
	<p>This means that we have to make the money we have go further.</p>

We also want to make sure children and young people with SEND get the best education we can give them.

We will always make sure we meet the needs of children and young people with EHCPs.

What are our ideas?

Idea 1

We want to make sure that all children and young people with SEND and EHCPs can have the right education for them.

We want to work out how to pay for this so everyone can understand how we do this.

We will call this a banding system.

The banding system will share money out so that the right support for each child or young person can be paid for.

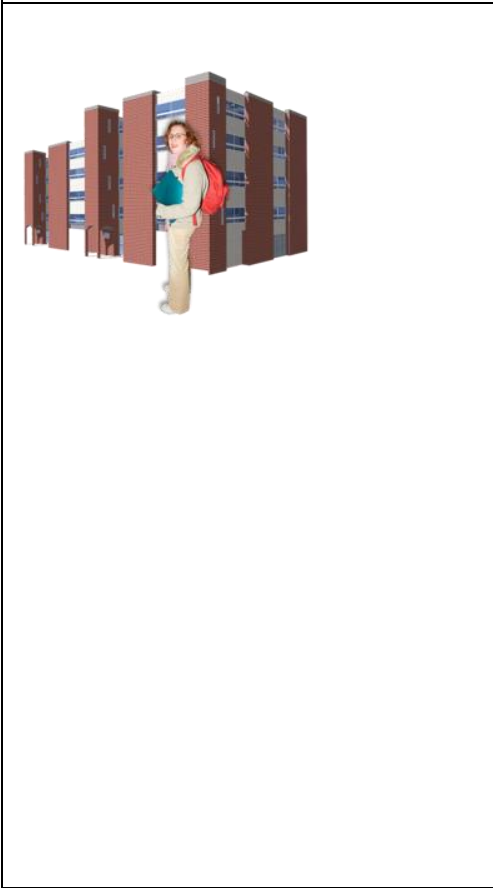

Idea 2

We want to educate children and young people who have been excluded from secondary school.

We also want to educate children and young people who might be excluded from secondary school.

We want to make sure there is enough money to pay for this.

We can do this if we save money by changing the way we pay for education for these children and young people.

Idea 3

We want to make sure that young people aged 16 and over with SEND and EHCPs get the education they need at school or college.

But we need to spend less money on how we do this.

We can save money if we change the way we pay for them to stay at mainstream school until they have finished sixth form.

We will change the way we pay for them to stay in education after they are 19 as well.

What would we like you to do?

We would like you to tell us what you think of our ideas about how we will spend the money we have to educate children and young people with SEND and EHCPs.

We would like you to answer the questions in a survey.

Then we would like you to send the survey back to us. Please send it to:
