### The plan for all children, young people and their families living in North Yorkshire

	<p><b>What is this leaflet about?</b></p>
	<p>This leaflet tells you what we want to do</p> <p>We want to make things better for children and young people in North Yorkshire.</p> <p>We want to make things better for their families as well.</p>
	<p>This is called our plan for all children, young people and their families.</p>

The plan is called  
Young and Yorkshire 2

**Who wrote 'Young and Yorkshire 2'?**

'Young and Yorkshire 2' was written by the Children's Trust Board.

We are a group of people who work together to help children and young people in North Yorkshire.

The group includes doctors, teachers and the police.

## How did we write 'Young and Yorkshire 2'?

We talked to children and young people.

We asked them what it's like to live in North Yorkshire, what they wanted for their future and what they wished North Yorkshire was like.

Children and young people told us:

- They wanted more places to play
- They wanted to be listened to
- They want North Yorkshire to be accessible and inclusive

We did this so we know what it's like to live and grow up in North Yorkshire.

This helped us write Young and Yorkshire 2.

**What does 'Young and Yorkshire 2'say?**

Young and Yorkshire 2 tells us what we need to do to make life better for children and young people in North Yorkshire.

The plan has a 'vision'.  
This says what we want North Yorkshire to be like for children and young people.  
They helped us write it.

**What does the vision say?**

The vision says:

We want children and young people in North Yorkshire to have lots of chances to improve their lives.

We want them to be happy and healthy.

So you can do your best.

**What will the plan do?**

The plan will help us make sure children and young people are happy at home.

The plan will help us make sure that children and young people are healthy.

The plan will help us make sure that children and young people do well at school.

This will help them then get a job when they are older.

**How will we know if our plan is working?**

More children and young people will live with their families and not go into care

More families will have enough money

This means there will be more children and young people who are happy at home.

	<p>More children and young people will be healthy.</p>
	<p>More children will do well when they are very young.</p>
	<p>More young people do well at school or college</p>
	<p>More young people will get training. This will help more young people to get a job.</p>

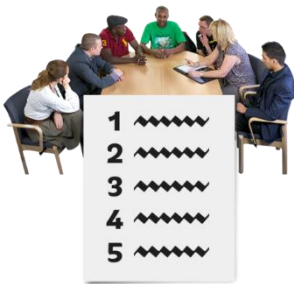

**What happens next?**

We will put the Young and Yorkshire 2 plan on the website.

We will start to make our plans work.

We will regularly check our progress against the plan.

We will look at the plan every year to keep it up to date.

We will ask children and young people how we have done

We will tell them how well our plan is doing.
