

## **North Yorkshire County Council's Approved List of Domiciliary Care Providers**

**Please Note:**

The Council does not recommend any particular provider. This is purely a list of agencies that have been accepted on to the Council's Approved List of Domiciliary Care Providers. Other agencies are also available and for further information, please see the Care Quality Commission website <http://www.cqc.org.uk/>

## **Background Information: North Yorkshire County Council**

North Yorkshire covers almost two million acres, 95 miles east to west and 65 miles north to south, and geographically is the largest county in England and Wales. The county includes the towns of Harrogate, Selby, Skipton, Richmond and Scarborough, as well as the city of Ripon and county town of Northallerton.

Further information about the Council is available on our website [www.northyorks.gov.uk](http://www.northyorks.gov.uk)

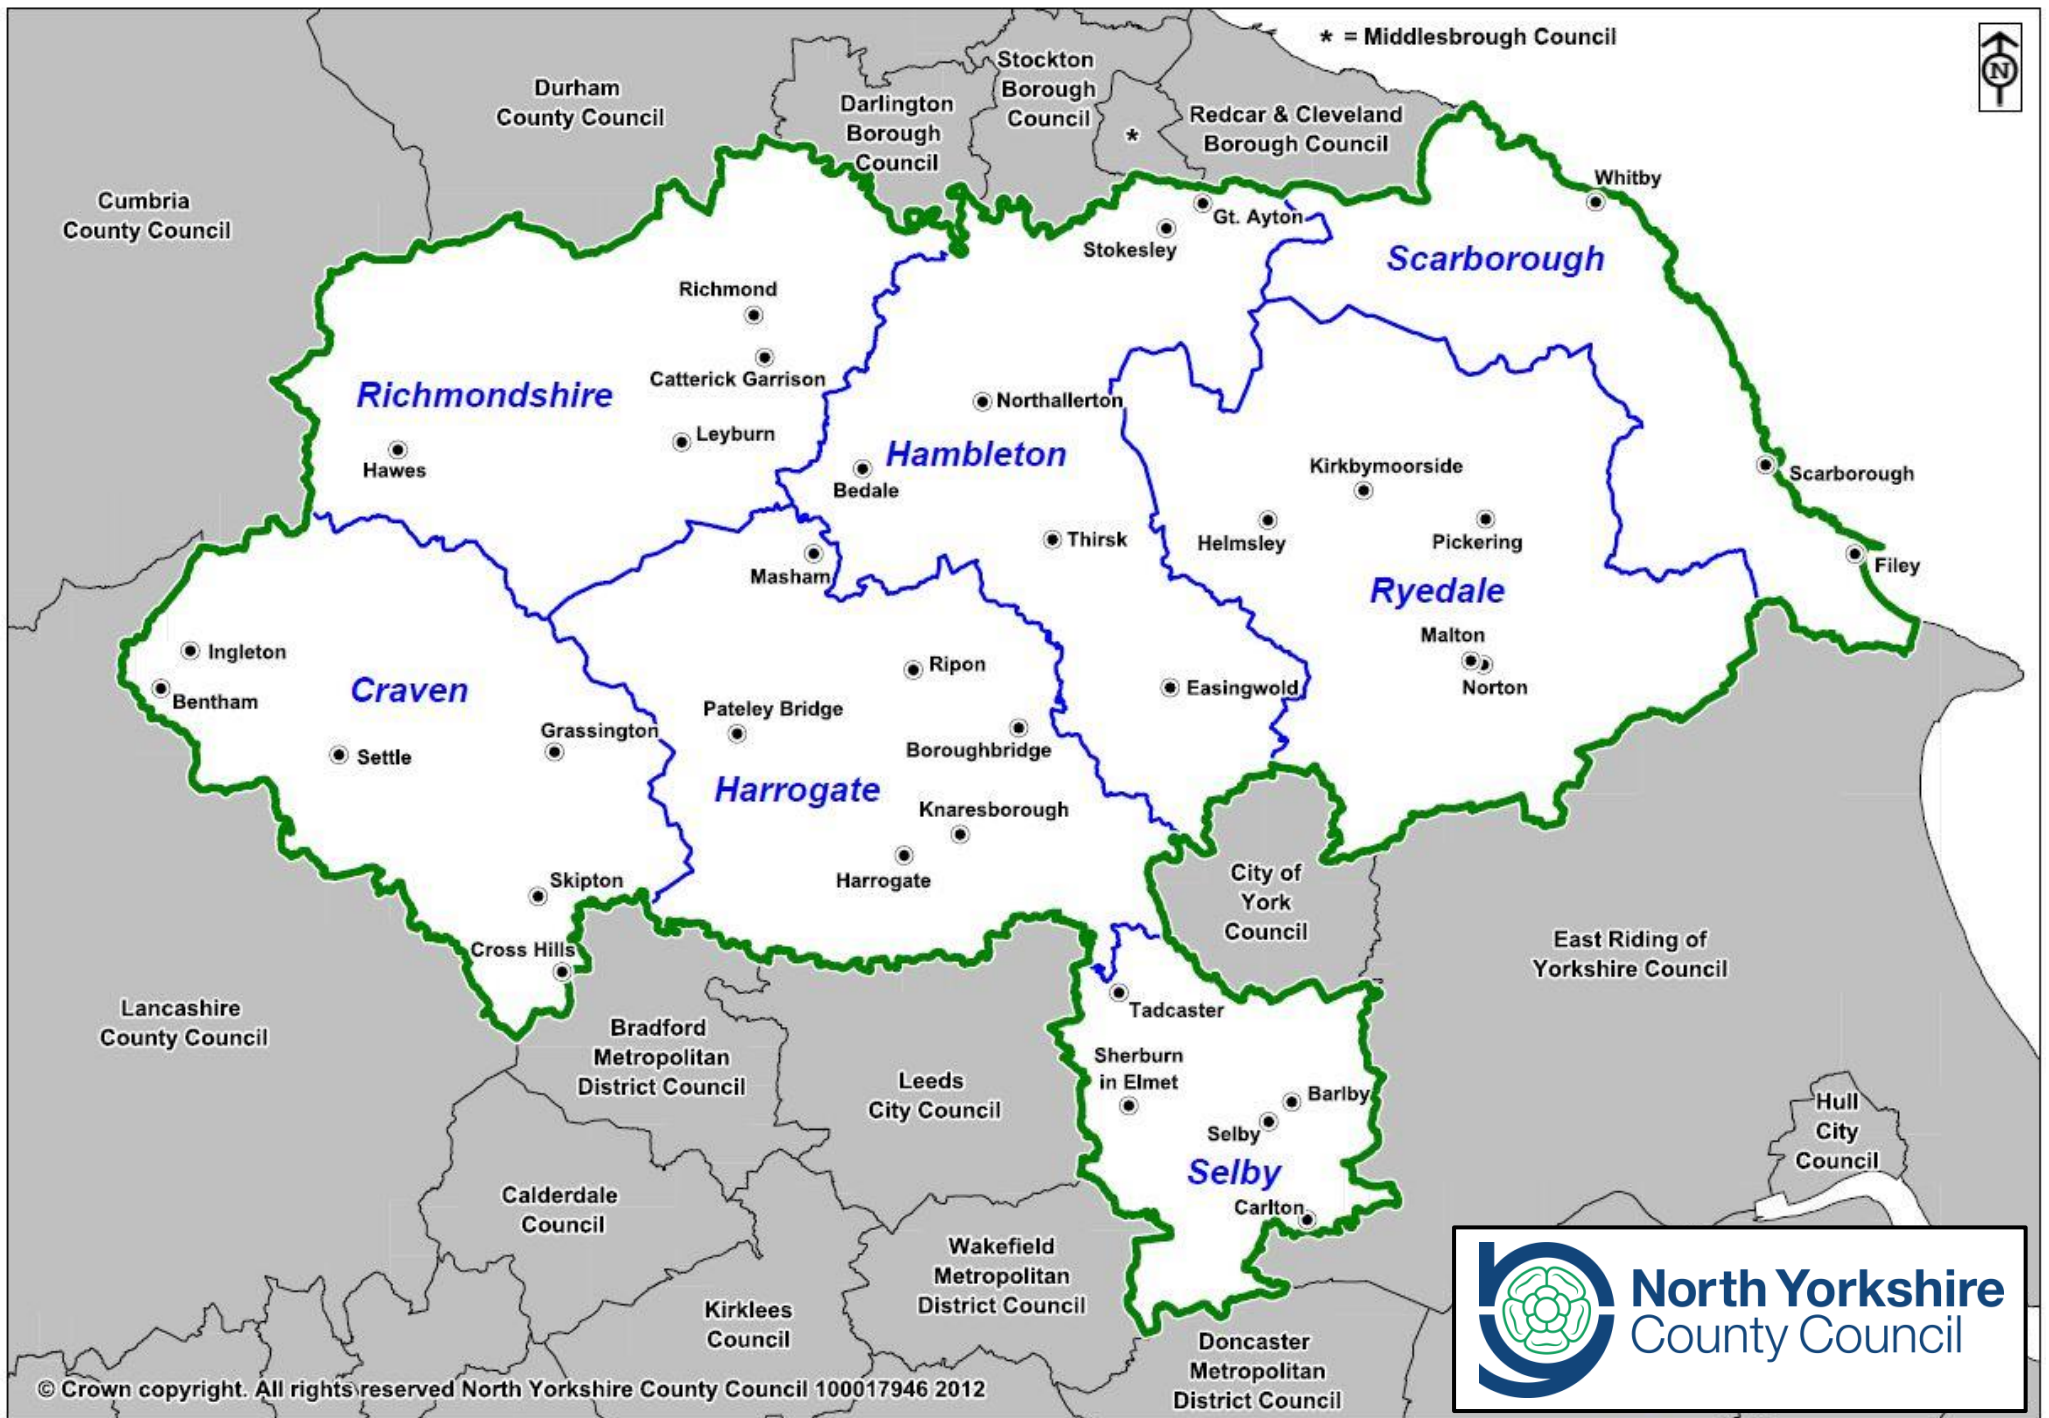

The following is based on information submitted by agencies as part of the application process to be included onto the Council's Approved List of Domiciliary Care Providers. It is the responsibility of each agency to make sure that the Council is informed of any changes; therefore the Council cannot accept responsibility for any errors in the data.

If an agency's application status is 'suspended' the Council is not commissioning any new packages of care currently, however, we cannot restrict packages from people funding their own care or from another placing authority.

If an agency's application status is 'restricted' there may be a limit on the number of new packages of care the agency can accept in a given period, which may relate to a period of suspension being lifted in a planned way. This refers to packages of care commissioned by the Council.
