

Consultation on the proposed model for the education of children and young people with medical needs.

2 September – 13 October 2019

	<p>Who is this leaflet from?</p>
	<p>This leaflet is from North Yorkshire County Council.</p>
	<p>It tells you about our plan for teaching children and young people who do not go to school because they are ill.</p>
	<p>They may have a physical illness.</p>

	<p>They may have mental ill health.</p>
	<p>What would we like you to do?</p>
	<p>We would like you to read this leaflet.</p>
	<p>Then we would like you to tell us what you think about our plan.</p>
	<p>What does our plan say?</p>
<p>3</p>	<p>Our plan says we have three ideas. These are our ideas.</p>

Idea one

Our plan says we want all children and young people to be able to learn if they have been off school for more than 15 school days because they are ill.

This includes children and young people at special schools.

It also includes young people up to the age of 25 who have an Education Health Care Plan.

Our plan says when someone is away from school because they are ill we will talk to the people who look after them.

We will also talk to the people who usually teach them.

This means we will be make sure the ways they are being taught is right for them.

Idea one: we will have a central medical education service for North Yorkshire.

Idea two

We are going to have a member of staff who will make sure all children and young people can learn when they are off school because they are ill.

We will call this person our central Medical Education Service lead.

	<p>They will have people working for them across North Yorkshire. We will call these people coordinators.</p> <p>Idea two: we will have a central medical education lead. We will also have coordinators.</p>
	<p>Idea three</p> <p>We know children and young people learn in different ways.</p> <p>We also know being ill can make it harder for children and young people to learn.</p> <p>We want to make sure that children and young people who are ill can learn in the way that is best for them.</p> <p>Idea three: we will have individual packages of provision.</p>
	<p>We think learning in these different ways could work for some children and young people. These different ways will be used in the individual packages of provision. We will use the best ones for each child or young person.</p> <p>We think some children and young people will learn best at home with a tutor or play practitioner.</p> <p>We will make sure we can arrange this for them.</p>

	<p>We will call this individual tuition.</p>
	<p>We think some children and young people will learn best in a small group of other children and young people with medical needs.</p> <p>We will make sure they can do this.</p> <p>The group will learn in a school.</p> <p>We will call this group education in a school.</p>
	<p>Some children and young people will learn best using the internet.</p> <p>The internet will connect them to an online classroom.</p> <p>They will be able to join lessons with a teacher and other pupils on their computer.</p> <p>They will be able to see the teacher's whiteboard and answer the teacher's questions using text.</p> <p>We think this will work well for young people at secondary school or college.</p> <p>We will make sure we can set this up for them.</p> <p>The will call this learning with computer online classrooms.</p>

We think some children and young people will learn best using an app.

The app will be on their phone or tablet.

It will connect them to their school. An AV1 that looks like a robot will be at their school.

The AV1 will mean they can still see, hear and learn from their teachers at school.

They will be able to see, hear and talk to their friends.

We will make sure we have the right app so they can do this.

We will call this learning with **AV1 technology**.

We think our plan will mean children and young people can learn in the best way for them.

How will we know our ideas are working?

Our plan says we know children and young people may need to change the way they learn when they are not at school.

We will have meetings to check things are going well and change things if they are not.

Our plan says we know going back to school is difficult when for someone who has been away for a long time.

We want to make going back to school as easy as possible for them.

We will work with schools to help them make it easy for pupils to go back.

How would we make it easy for them to go back to school?

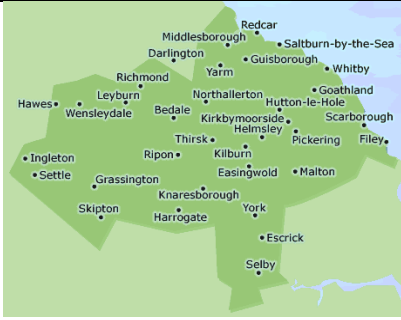

We would do these things to make it easy for them.

We would make sure their school understands that the pupil has been ill and how to make changes if they need to.

We would ask their school to let the pupil come back with their tutor if it would help them settle in.

	<p>We would ask their school to let the pupil come back for part of the day at first if it would help them.</p>
	<p>What would we like you to do now?</p>
	<p>We would also like you to tell us about yourself.</p> <p>We would like you to tell us what you think about our plan.</p>
	<p>Thank you for reading this leaflet.</p>
	<p>Please tell us about yourself by filling in this survey.</p> <p>This will help us to find out what different people think about our plans.</p>

Please tick one box to tell us which part of North Yorkshire you live in.

Craven

Hambleton

Harrogate

Scarborough

Knaresborough

Richmondshire

Ripon

Ryedale

Scarborough

Selby

Whitby

Please tick one box to tell us who you are.

I am a parent or carer

I am a child at primary school

	I am a young person at secondary school		
	I am a child or young person at a special school		
	I am a young person in further education		
	I am a child or young person who is taught in another way (please tell us what)		
	I am responding on behalf of an organisation		
	If you are responding on behalf of an organisation, what sort of organisation is it? Please tick one box.		
	Education		
	Health		
	Social care		
	Voluntary		
	Other (please tell us what)		

Would you say you are a disabled person or have a condition that can make things difficult for you? Please tick one box.

Yes	
No	

Thank you. Now please tell us what you think of our plan.

Please tell us that you think of **idea one**

We will have a central medical education service for North Yorkshire.

Please put a tick next to one of these statements.

I strongly agree with the idea	
I agree with the idea	
I neither agree or disagree with the idea	
I disagree with the idea	
I strongly disagree with the idea	

Please tell us anything else you would like to say:

	<p>Please tell us what you think of idea two</p> <p>We will have a central medical education lead. We will also have coordinators.</p> <p>Please put a tick next to one of these statements.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 75%;">I strongly agree with the idea</td> <td style="width: 25%;"></td> </tr> <tr> <td>I agree with the idea</td> <td></td> </tr> <tr> <td>I neither agree or disagree with the idea</td> <td></td> </tr> <tr> <td>I disagree with the idea</td> <td></td> </tr> <tr> <td>I strongly disagree with the idea</td> <td></td> </tr> </table> <p>Please tell us anything else you would like to say:</p>	I strongly agree with the idea		I agree with the idea		I neither agree or disagree with the idea		I disagree with the idea		I strongly disagree with the idea	
I strongly agree with the idea											
I agree with the idea											
I neither agree or disagree with the idea											
I disagree with the idea											
I strongly disagree with the idea											

Please tell us what you think about **idea three**

We will have individual packages of provision.

Please put a tick next to one of these statements.

I strongly agree with the idea	<input type="checkbox"/>
I agree with the idea	<input type="checkbox"/>
I neither agree or disagree with the idea	<input type="checkbox"/>
I disagree with the idea	<input type="checkbox"/>
I strongly disagree with the idea	<input type="checkbox"/>

Please tell us anything else you would like to say:

We will make sure children and young people can learn in the best way for them. We will use different ways in individual packages of provision. We will use the best ones for each child or young person.

Please put a tick next to one of the statements.

Individual tuition could be best for some children and young people.

I strongly agree with the idea	
I agree with the idea	
I neither agree or disagree with the idea	
I disagree with the idea	
I strongly disagree with the idea	

Group education in a school could be best for some children and young people:

I strongly agree with the idea	
I agree with the idea	
I neither agree or disagree with the idea	
I disagree with the idea	
I strongly disagree with the idea	

Learning with **computer online classrooms** could be best for some children and young people:

I strongly agree with the idea	
I agree with the idea	

I neither agree or disagree with the idea	
---	--

I disagree with the idea	
--------------------------	--

I strongly disagree with the idea	
-----------------------------------	--

Learning with **AV1 technology** could be best for some children and young people.

I strongly agree with the idea	
--------------------------------	--

I agree with the idea	
-----------------------	--

I neither agree or disagree with the idea	
---	--

I disagree with the idea	
--------------------------	--

I strongly disagree with the idea	
-----------------------------------	--

Please tell us anything else you would like to say:

We think our plan will make sure that children and young people can be taught when they are not at school.

Please put a tick next to one of the statements.

I strongly agree with the idea	
I agree with the idea	
I neither agree or disagree with the idea	
I disagree with the idea	
I strongly disagree with the idea	

Please tell us anything else you would like to say:

If you have any other ideas about how the council can help young people who do not go to school because they are ill, please write them below:

Please send this form back to us at:
SEN Admin Team
Business Support Service
County Hall
Northallerton
DL7 8AD

Please do this by: 13th October 2019

You can also fill the survey in online at:
