

Hambleton & Richmondshire

Youthability is a Youth Club for young people aged from 11 to 25 with special educational needs and disabilities.

We offer inclusive activities for young people to enjoy and achieve.
Youthability is currently a free service.

Young people can take part in a variety of activities including arts & crafts, cooking & baking, sports and trips out.

Our long term aim is for every young person who attends Youthability to have a named Link Worker at the session and an individual Youthability support plan. We are currently working towards this.
