

Craven Adult Social Care Profile 2019

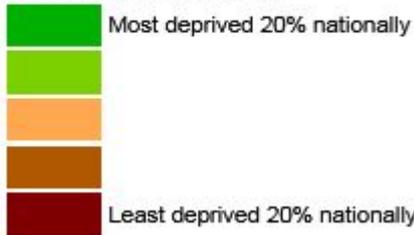

Population

Geographical Barriers to Services

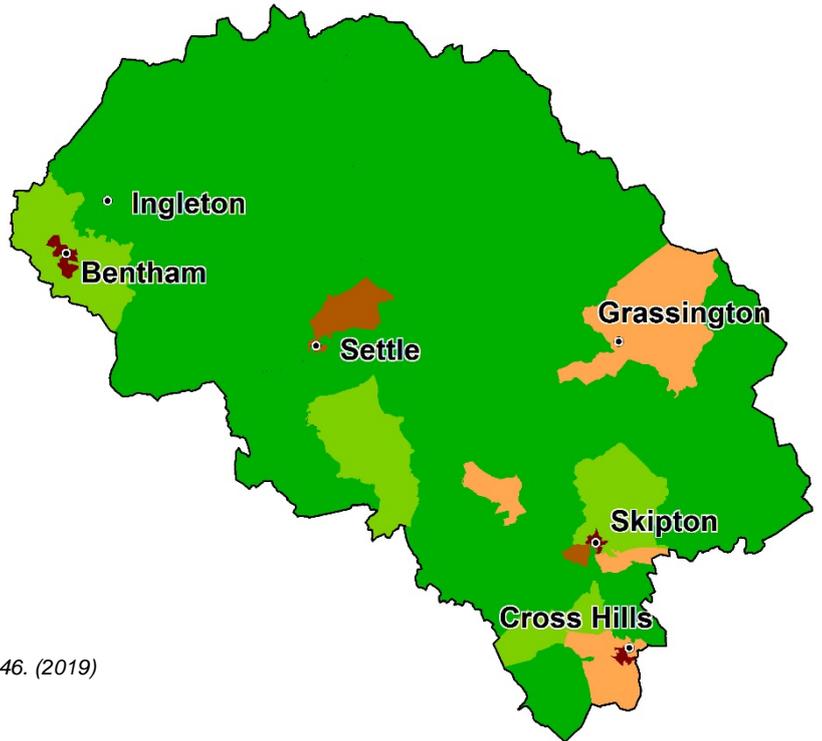

Part of the Indices of Deprivation 2015, the Geographical Barriers to Service sub-domain ranks all Lower Super Output Areas (LSOAs) in England in terms of road distances to services including a GP surgery, supermarket or convenience store, primary school and post office.

Large areas of North Yorkshire are covered by LSOAs within the most deprived 20% in England for this measure.

Population density (people per sq km, ONS MYE 2018)

- Population density is lower than the North Yorkshire average and considerably lower than that of England overall.
- Outside of the main towns of Skipton, Settle and Bentham much of the district is covered by areas which fall within the 20% most deprived neighbourhoods (LSOAs) in England in terms of Geographical Barriers to Services. 36.6% of the population live in these very rural areas. 10.8% of the LSOAs in Craven are within the 10% most deprived in North Yorkshire for this indicator.

- 26.7% of the population are aged 65+, higher than the national average (18.2%) and the second highest proportion of any North Yorkshire district.
- The 65+ population is expected to increase to 35.5% by 2035. This would be a greater rate of increase than the county average, with North Yorkshire expected to have 32.6% of its population aged 65+. By 2035 Craven is projected to have the highest proportion of population aged 65+ in North Yorkshire.

People aged 65+ predicted to have a moderate or severe learning disability in 2019 and in 2035

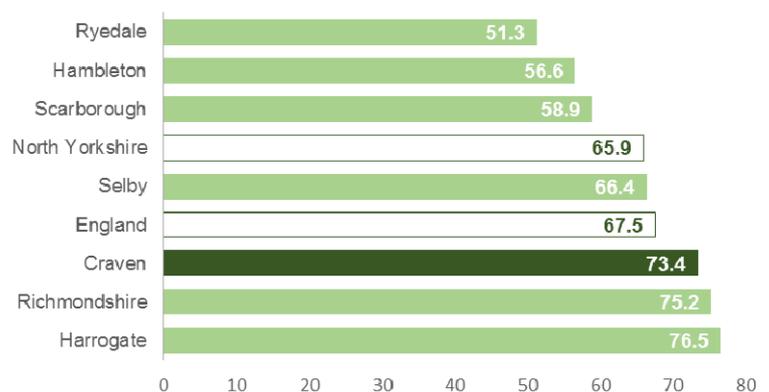

Population aged 18-64 predicted to have a serious personal care disability

- 309 people aged 18-64 have a serious personal care disability in 2019. This is predicted to fall to 274 people by 2035.
- These figures are based on national rates from PANSI which have been applied to the population of the district.
- 402 clients have a PSR of either physical or sensory support (Q1 2019/20).
- Of those, 367 are for Personal Care. A further 30 are for Access and Mobility Only and an additional 5 are for Sensory Support.

- 73.4% of dementia cases are estimated to have been diagnosed (PHE, 2018).
- This is higher than both the national and county averages.
- The number of people aged 65+ with dementia is expected to increase from 1,129 in 2019 to 1,749 by 2035 (POPPI).
- 90 clients have a recorded health condition of dementia, 73 of which are in permanent placements in Q1 2019/20 (LLA).
- There are currently 41 approved providers of dementia care across the Harrogate & Craven locality (Q1 2019/20).

Dementia diagnosis rate, 2018 (% of estimated cases)

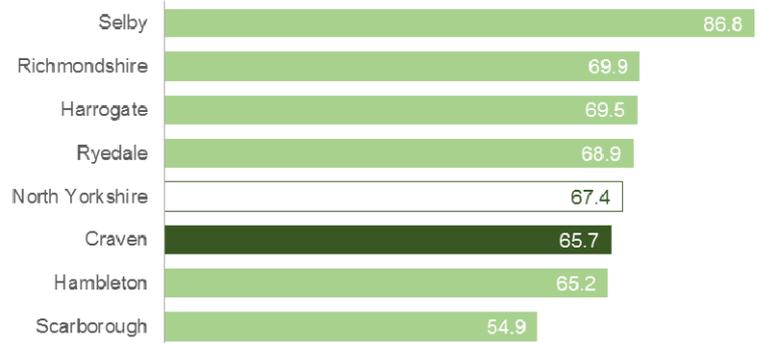

Public Health England Profile - key issues for adult social care

- Of those aged 17+ with diabetes 70.4% are estimated to have been diagnosed. This is significantly fewer the national average (77.1%) in 2017.
- For more details see the [Craven Health Profile 2018](#) from Public Health England.

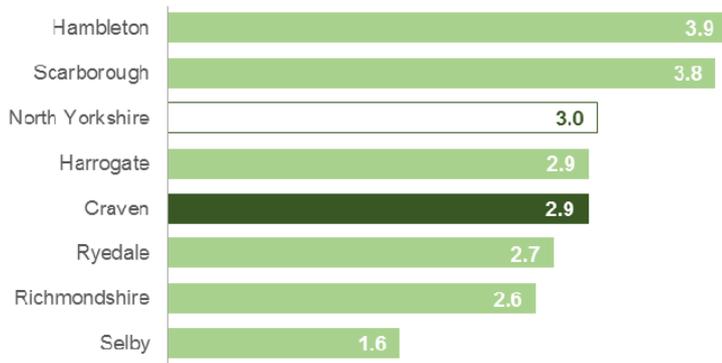

Provision

- There are 11 residential homes (223 beds) and 8 nursing homes (421 bed) across Craven district (Q4 2018/19).
- Across the Harrogate & Craven locality residential homes have an occupancy rate of 96% (39 vacancies) while nursing homes have an occupancy rate of 96% (64 vacancies) in Q4 2018/19.
- Care home residents aged 65+ (with or without nursing) are projected to increase from 604 in 2019 to 1,001 by 2035, a 65.7% increase (POPPI), lower than the North Yorkshire average increase.

Predicted % increase 2019-35 in people aged 65+ living in a care home with or without nursing (POPPI)

Rate of hospital discharges into care per 1,000 adults (July 2018 - June 2019)

- 2.9 people per 1,000 adults were discharged from hospital into care in the twelve months to June 2019.
- This rate is slightly below the county average (3.0).
- It equates to 137 clients.

- 14 approved residential and nursing care providers operate within Craven district.
- 85.7% of those providers who have received a CQC rating were rated good or outstanding in Q1 2019/20. This is higher than the county average of 76.4%.

% Residential & nursing locations rated Good or Outstanding (Q1 2019)

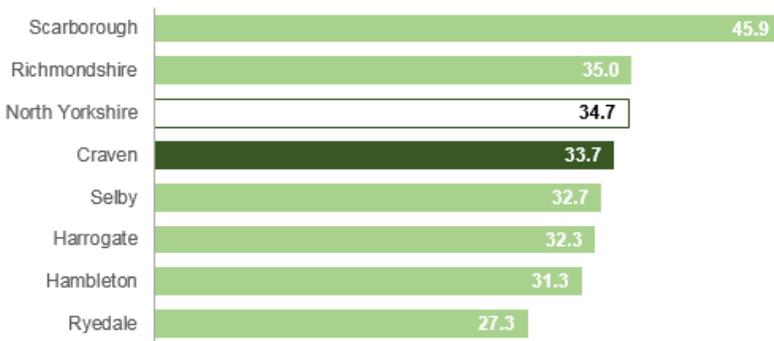

% Domiciliary care providers rated Good or Outstanding (Q1 2019)

- 9 approved domiciliary care providers operate within Craven district.
- 100% of those providers who have received a CQC rating were rated good or outstanding in Q1 2019/20. This is the joint highest rate in North Yorkshire and considerably higher than the county average (83.0%).

Services

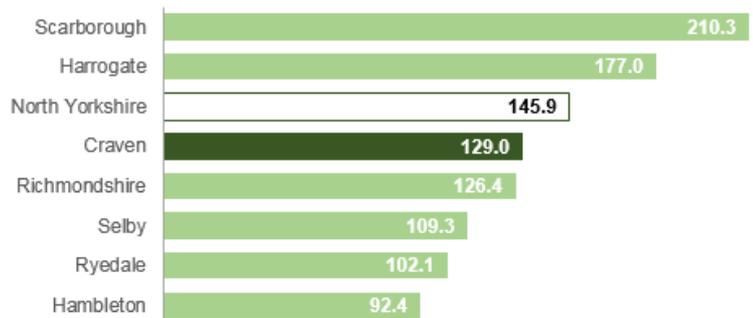

Open weekly services per 1,000 pop aged 65+ (Q1 2019)

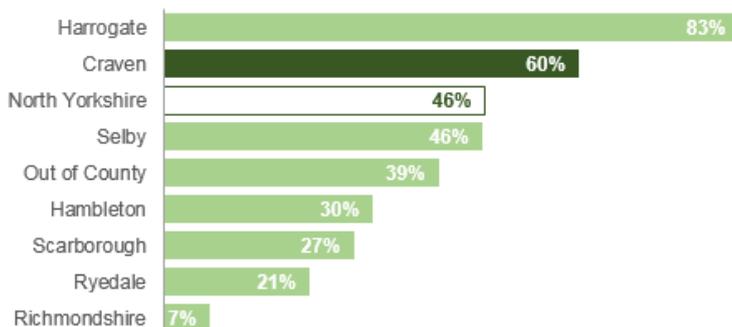

- 33.7 people per 1,000 aged 65+ receive a weekly service in Q1 2019/20, lower than the county average (34.7).
- This equates to 512 people accessing care.
- The rate increases to 59.2 at age 75+ and to 120.6 at age 85+. These rates are slightly lower than the county average.
- There are 48.8 domiciliary care cases per 10,000 adults, lower than the North Yorkshire average (52.5) in Q1 2019/20.
- 6 domiciliary care packages were unsourced across the Craven and Harrogate locality, from a total of 22 across the county in Q4 2018/19.

- 129.0 people per 1,000 aged 65+ are in residential or nursing care placements.
- This is a lower rate than the North Yorkshire average (129.0).
- Clients with a PSR of 'Physical Support' make up 76.0% of those in residential & nursing placements, the highest rate in the county and considerably above the North Yorkshire average (59.7%).
- 1.0% of residential & nursing clients have a PSR of 'social support'. This is below the county average (1.8%).

Persons per 1,000 aged 65+ in residential & nursing care (Q1 2019)

Residential & nursing placements above NYCC rate for ages 65+ (Q1 2019)

- 60% of residential & nursing places for ages 65+ are above NYCC rates, a substantially higher proportion than the county average (46%) in Q1 2019/20.
- 12% of residential placements are in excess of £1K. This is lower than the county average (17%).
- No nursing placements are in excess of £1K, the only district in North Yorkshire where this is the case. The county average is 17% (Q1 2019/20, LLA).
- The average age at placement is 89.1 years, higher than the average for North Yorkshire (82.4).
- The average duration of residential / nursing services is 1.9 years during Q1 2019/20. This is shorter than the county average of 2.5 years.
