3.6 miles in total

flat route, very little incline

Go back in time. Scarborough has a rich history, our discoveries date back to the 12th Century.

Find out when the local buses run on the EYMS website www.eyms.co.uk/bus-services

Low Rd

DISCOVERY TIP
You can use a smart phone with a camera to take photos of your discoveries. If you have no camera, then just use a pencil and a notebook, or try doing quick sketches of what you see.

Always follow the countryside code. Be safe - plan ahead and follow the signs. Keep dogs under close control, protect plants and animals and take your litter home. Leave gates and property as you find them and consider other people.

Safe Ways Park

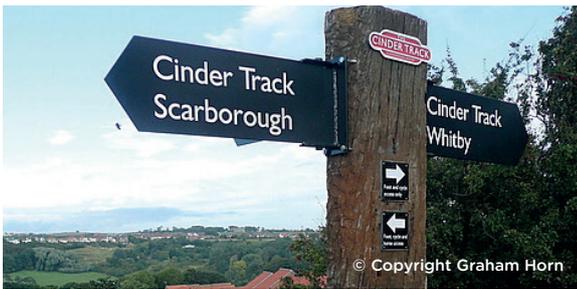

It's hard to imagine this impressive park was once railway sidings. Since being redeveloped in 2008, the park now boasts a children's play area, sports pitch and legal graffiti wall!

Why not add your own mural to the wall or bring a ball to kick around?

The Cinder Track

Follow what is left of the Scarborough to Whitby railway line that, from 1885 until 1965, was used to transport passengers and goods! Soon after the railway line was closed, the tracks were removed and the route was transformed into a beautiful meandering footpath that passes over streams, under stone bridges and through the countryside.

As you follow the Cinder Track, use the Discoveries On Your Doorstep half-mile waymarkers to help guide you to Burniston!

The Circle

As you walk under Woodland Ravine bridge, look out for the public artwork more commonly known as the Circle! The project was commissioned by the Friends of the Old Railway Line and designed by Adrian Riley and Rachel Welford. It is an innovative take on traditional waymarking, ideally placed at the start of the Cinder Track with directions to interesting places along the route!

Take a closer look to read the poem that runs around the outside of the Circle, written by John. W. Clark!
