

Publication stage Response form - Part B
Please use a separate Part B form for each representation

Name or Organisation :		Ryedale Liberals 10.2 Appendix 10	
<i>Please mark with an x as appropriate</i>			
• To which part of the Minerals and Waste Joint Plan does this representation relate?			
Paragraph No./ Site Allocation Reference No.		Policy No. 3846/0962/6.006/LC.U.DTC	Policies Map
2. Do you consider the Minerals and Waste Joint Plan is :			
2.(1) Legally compliant		Yes	
2.(2) Sound			No
(2a) Which Element of soundness does your representation relate to? (please only mark with an x one element of soundness per response form).			
<i>Positively Prepared</i>	No ?	<i>Justified</i>	No?
<i>Effective</i>	No ?	<i>Consistent with National Policy</i>	No?
2 (3) Complies with the Duty to co-operate		Yes	

3. Please give details below of why you consider the Minerals and Waste Joint Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

A minerals and waste plan that doesn't have any plan for waste struggles to comply with any of the tests. Our original submission referred to the only other waste produced by fracking in the UK (Cuadrilla Lancs) Fracking may produce a massive range of waste. Our concern here is only for the billions of gallons of waste water containing radioactivity and toxic chemicals. These are within a range, but our concern is in reference to these. Your response to our original challenge refers to the 'very early stages' of development of the industry. In any basic logical approach, it is normal to plan first and then proceed. Your response appears to be to proceed first and then plan.

(continue on a separate sheet/expand box if necessary)

4. Please set out what modification(s) you consider necessary to make the Minerals and Waste Joint Plan legally compliant or sound, having regard to the Matter you have identified at 3. above where this relates to soundness. (NB Please note that any non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why this modification will make the Minerals and Waste Joint Plan

legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There is no data available for expectations of wastewater quantities. Capacity must keep pace with planning approvals. Once capacity falls behind approvals, approvals must be delayed until capacity catches up.

(continue on a separate sheet/expand box if necessary)

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage further submissions will be only at the request of the Inspector, based on matters and issues he/she identifies for examination.**

5. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

Yes, I wish to participate at the oral examination

6. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

As the response does not answer our point we feel there needs to be discussion at the EiP.
--

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

All responses received will be considered and any information provided will be made public. My consent is hereby confirmed.
