## HORSE RIDING IN THE NORTHERN YORKSHIRE DALES

Swaledale, Arkengarthdale, Lower Wensleydale & Coverdale

### NORTHERN YORKSHIRE DALES RIDING ROUTES

These circular rides use existing and well maintained public rights of way which take in some of the most spectacular scenery of the northern Yorkshire Dales including Swaledale, Lower Wensleydale and tributaries. The routes cater for a range of abilities and use mainly bridleways, green lanes and some unclassified county roads. The nature of the countryside in the dales means many of the routes are rugged and hilly. There are limited opportunities to canter but why rush through such fantastic scenery?

Local British Horse Society volunteer John Presgrave devised and mapped the routes with the support of Richmondshire and Bedale Bridleway Group, Public Rights of Way team at North Yorkshire County Council & Yorkshire Dales National Park Authority. The bespoke guide maps are specifically designed for horse rider use and provide an easy-to-follow route from a start point which can be reached by horsebox or trailer. Project logos are on occasional way marker and fingerposts. A PDF guide map for each can be downloaded for printout or loaded to most current smartphones via [www.northyorks.gov.uk/rides](http://www.northyorks.gov.uk/rides). These routes are also part of the British Horse Society (BHS) National Equestrian Route Network which can be accessed via [www.bhs.org.uk](http://www.bhs.org.uk). Information on local accommodation and related amenities can also be found by visiting the BHS website, Welcome to Yorkshire and YDNP websites.

*Please note that the promoted routes depicted are maintained to the best possible standards that the local authorities can afford, and whilst every effort has been made to ensure the routes and structures (i.e gates) are of a good standard at the time of launch, we would be grateful for ongoing feedback to ensure these routes continue to be accessible. Please see overleaf for contact numbers.*
