

7.5 TONNE WEIGHT RESTRICTION – VARIOUS ROADS IN THE DALTON/SESSAY AREA.

Statement of Reasons

The County Council as the Highway Authority for North Yorkshire considers that it is expedient to amend the existing Traffic Regulation Order, on one or more of the grounds contained in Section I of the Road Traffic Regulation Act 1984, as indicated below:

- (i) For avoiding danger to persons or other traffic using the road, or for preventing the likelihood of any such danger arising.

- (ii) For preventing damage to the road or to any building on or near the road.

- (iii) For preventing the use of the road by vehicular traffic of a kind which (or its use by vehicular traffic in a manner which) is unsuitable, having regard to the existing character of the road or adjoining property.

The proposal seeks to amend the start point of the existing weight restriction on the C99 Dalton Lane to prevent access to the existing restricted area for vehicles associated with a new agricultural feed mill. All other parts of the restriction remain unaffected.
