

Action Points from Minerals and Waste Joint Plan Hearing Sessions which took place on 24th and 25th January 2019

Two additional days of hearings took place in relation to the Minerals and Waste Joint Plan (MWJP) on the 24th and 25th January 2019. The main focus of the hearings was to consider sections of the hydrocarbons policy and supporting text and also potash safeguarding. A series of action points were identified by the Inspector which required input from different parties. A table of the action points is below along with which party is to undertake the action.

MPA – Mineral Planning Authorities

Industry – Gas industry under umbrella of UKOOG (United Kingdom Onshore Oil and Gas)

Third Parties – Parties who are not MPA or Industry but have an interest in the subject matter

Cllr Andrews – Third party representative
