Comment and proposed changes to the Plan - Please set out your reason(s) for your response to the above question, setting out any changes you think are needed to be made to the Neighbourhood Plan:

I would like to see specific reference to maximum numbers and types of new housing, both on an annual basis, and as a total for the period of the Plan

Notification under Regulation 19 - Please indicate if you would like to be notified of the local planning authority's decision under Regulation 19 in relation to the Escrick Neighbourhood Development Plan, to make (or adopt) the Plan under Section 38A(6) of the 2004 Act.: Yes

This section refers to modification of existing properties. I feel this should not be overly restrictive or constraining to allow people to improve their homes as they wish, obviously in accordance with planning regulations. This is particularly the case when using more sustainable and/or environmentally friendly building material, for example when installing replacement windows or EV charging points

I would like the Plan to include reference to alternative/environmentally friendly energy, for example future development of local solar power sources to benefit the community. This should make specific reference to the approach to any such development, including the location
